FLY FREE WITH FARNAM WINE COUNTRY VACATION SWEEPSTAKES

Imagine spending the day riding through vineyards and down mountain trails, riding the same trails that Seabiscuit and his jockey, Red Pollard, trained on for their comeback to win the Santa Anita Handicap. Experience the taste of world-class wines at local wineries. These are just a few of the activities the winner of this dream trip for two has in store for them as grand prize winner of the Fly Free with Farnam Wine Country Vacation Sweepstakes.

The winner of the grand prize will experience a vacation package that includes airfare and airport transportation, most meals, accommodations at the Cowboy Hideaway Ranch, five full days of trail riding and wine tasting, plus a winery tour on the day of arrival as well as on the day of departure.

Additional prizes include: Ten Second Prizes – One \$500 voucher to each winner for a shopping spree at winner's favorite Farnam Dealer, good towards Farnam Horse Products; Twenty Third Prizes – One

Farnam-embroidered groom tote bag with assorted Farnam Horse Products (approximate retail value \$250); Sixty Fourth Prizes – One Farnam-embroidered baseball cap (approximate retail value \$25); One Hundred Fifth Prizes – One Endure® Roll-On for Horses (approximate retail value \$10).

Entry forms and complete details for the Fly Free with Farnam Wine Country Vacation Sweepstakes are available at local retailers and on www.farnamhorse.com. No purchase is necessary to win. Online entries must be submitted by August 29, 2008 midnight (MST); mailed-in entries must be postmarked by August 29, 2008, received by Farnam by September 8, 2008. Winners will be selected in a random drawing on September 15, 2008, and notified by October 15, 2008.

Clearly, keeping flies and other insects off your horse is your ultimate goal. On animal products include fly masks such as SuperMask® II and insecticidal/repellent wipes, spot-ons, lotions, ointments and fly sprays such as Endure® Sweat-Resistant Fly Spray and its counterpart for sensitive areas Endure® Roll-On for Horses. Endure® has become a very popular

fly control product for horses – not only because it is so effective as a repellent, but because it is resistant to both sweat and water.

Fly control in the barn eliminates adult flies and prevents them from breeding. Indoor premise controls for the barn area include insecticide-free traps, sticky traps and feed-thru fly control products such as SimpliFly® with LarvaStop™ feed-thru fly control which is proven to reduce fly populations by 97 to 100-percent* by breaking the fly life cycle and preventing the formation of fly larvae's exoskeletons when they molt (resulting in their death).

Outdoor fly control helps reduce fly populations before they come into the barn and irritate your horse. By keeping outdoor areas clean and free of manure and other trash, owners eliminate fly breeding grounds and help keep fly populations down. Outdoor products placed on the perimeter of the property, such as Trap 'n Toss™, contain a fly attractant to draw flies away from the barn.

For information about Farnam Products, call (800) 234-2269 or visit www.farnamhorse.com.
